To Whom It May Concern,

This correspondence serves as notification of the change in the Medical Directorship at LifePoint, Inc.

Dr. Robert Sade has announced his retirement, effective May 23, 2012. Dr. Richard Foster, Jr. has accepted a contract as the Medical Director for the Organ Recovery Services Division at LifePoint, Inc. Dr. Timothy Whelan will serve as the Associate Medical Director for the Organ Recovery Services Division. Attached please find *curricula vitae* for Drs. Foster and Whelan.

Please contact me at (843) 763-7755 with any questions.

Respectfully,

Maureen White PhD, MT(ASCP)
Director of Quality Systems

BIO

Richard P. Foster, Jr., M.D

Dr. Rick Foster is the Senior Vice President for Quality and Patient Safety with the South Carolina Hospital Association (SCHA). He also serves as Senior Medical Advisor for LifePoint, the Organ Procurement Organization for South Carolina. Prior to joining the Hospital Association, Dr. Foster served as Chief Medical Officer for Trident Health System in Charleston, South Carolina. Dr. Foster's primary responsibilities include coordination and oversight of quality improvement and patient safety programs and activities for SCHA and its member hospitals. Dr. Foster's previous medical administrative experience includes service as CEO of the Carolina Health Group, a provider network management company that acted as the management arm for three multi-specialty IPA Networks in the Coastal Region of South Carolina, and as the Medical Director of Companion Healthcare, the HMO subsidiary of Blue Cross Blue Shield of South Carolina.

Dr. Foster received his Undergraduate Degree at Clemson University and his Medical Degree from MUSC. He completed his residency in Family Medicine at Self Memorial Hospital in Greenwood, and was in the private practice of family medicine in Surfside Beach and Charleston prior to joining Companion Healthcare.

Dr. Foster has recently served on the S.C. Hospital Association Board of Trustees and as Chairman of the S.C. Senior Medical Leadership Council. Dr. Foster also serves on the Board of Directors for the Trident United Way and Hospice of Charleston, on the Board of Visitors for Charleston Southern University, and the Board of Trustees for the Charleston Collegiate School.

Dr. Foster is married to Lesa Hart Foster and has four children between the ages of 11 and 25, and two grandsons. He is an Elder in the Presbyterian Church and a member of the Charleston Men's Chorus.

Program Director/Principal Investigator (Last, First, Middle):

BIOGRAPHICAL SKETCH

Provide the following information for the key personnel and other significant contributors in the order listed on Form Page 2.
Follow this format for each person. **DO NOT EXCEED FOUR PAGES.**

NAME Richard P. Foster, Jr. MD		POSITION TITLE Senior Vice-President for Quality and Patient Safety	
eRA COMMONS USER NAME (credential, e.g., agency login)		South Carolina Hospital Association	
EDUCATION/TRAINING <i>(Begin with baccalaureate or other initial professional education, such as nursing, and include postdoctoral training.)</i>			
INSTITUTION AND LOCATION	DEGREE <i>(if applicable)</i>	YEAR(s)	FIELD OF STUDY
Clemson University, Clemson, SC	BS	1976	Pre-Medicine
Medical University of South Carolina, Charleston, SC	MD	1980	Medicine
Self Regional Healthcare System, Greenwood, SC		1983	Residency, Family Medicine

Please refer to the application instructions in order to complete sections A, B, and C of the Biographical Sketch.

Training and Employment:

1980-1983 Family Medicine Residency, Self Regional Healthcare, Greenwood, SC

1983-1985 Staff Physician, MedCentral, Surfside Beach, SC

1985-1986 Medical Director, Humana MedFirst, 14 urgent care facilities in SC and Georgia

1986-1989 Medical Director, Companion Healthcare Family Medicine, Goose Creek and James Island, SC

1988-1994 Medical Director, Companion Healthcare HMO, Blue Cross Blue Shield SC

1994- 1998 CEO, Carolina Health Group, subsidiary of HCA, Carolinas Division

1998-2006 Chief Medical Officer, Trident Health System, Charleston, SC

2007- Senior VP, Quality and Patient Safety, SC Hospital Association, Columbia, SC

2007- Senior Medical Advisor, LifePoint, Charleston, SC

Honors and Recognitions:

1983- AAFP Family Medicine Resident of the Year, Self Regional Family Medicine Residency Program

1993- First HMO to receive full NCQA accreditation, also recognized for Great Expectations maternity case management and chronic disease management program

Program Director/Principal Investigator (Last, First, Middle):

2005- Charles Filts Award from LifePoint, Organ Procurement Agency for SC

Other Positions and Achievements:

2005-2010 Board of Directors, Trident United Way, Charleston, SC

2006-2008 Board of Directors, Hospice of Charleston, Charleston, SC

2005-2007 Board of Directors, SC Hospital Association, Columbia, SC

2005-2007 American Hospital Association Regional Policy Board

2009- Board of Directors, American Heart Association, Mid-Atlantic Affiliate, Richmond, Va.

2009- Member, SC Multiple Sclerosis Study Committee

2009- Member, SC Stroke Study Committee

2008, 2009 Faculty, Institute for Healthcare Improvement National Forum

Grant Awards:

2007, 2010 Quality and Patient Safety Grant, The Duke Endowment- approved for two 3 year grant periods

EDUCATION

2002 - 2003 **University of Washington** Seattle WA.
School of Public Health: Selected Statistics courses
2001 - 2003 **University of Washington** Seattle, WA.
Clinical Research Fellow: Lung Transplantation
2000 - 2001 **University of Washington** Seattle, WA.
Clinical Pulmonary and Critical Care Medicine Fellow
1995 - 1998 **University of Colorado Health Sciences Center** Denver, CO.
Resident in Internal Medicine
1991-1995 **State University of New York at Buffalo.** Buffalo, NY
Medical Degree
1987-1991 **Lafayette College** Easton, PA
Bachelor of Arts in English and Biology

ACADEMIC APPOINTMENTS:

3/2010 - Present **Associate Professor of Medicine**
Medical University of South Carolina
Division of Pulmonary, Allergy, Critical Care, & Sleep Medicine
3/2010 - Present **Medical Director of Lung Transplantation**
Medical University of South Carolina
Division of Pulmonary, Allergy, Critical Care, & Sleep Medicine
7/2009 - 2/2010 **Associate Professor of Medicine**
University of Minnesota
Division of Pulmonary, Allergy, Critical Care, & Sleep Medicine
2003 - 2009 **Assistant Professor of Medicine**
University of Minnesota
Division of Pulmonary, Allergy, Critical Care, & Sleep Medicine
2004 – 3/2010 **Director, Interstitial Lung Disease Program**
University of Minnesota
Division of Pulmonary, Allergy, Critical Care, & Sleep Medicine

CLINICAL APPOINTMENTS

3/2010 - Present **Medical University of South Carolina**
2003 - 2010 **University of Minnesota Medical Center - Fairview**
2009 - 2010 **Fairview Southdale Hospital**
1998 - 2000 **Internal Medicine, Pulmonary, and Critical Care Associates**
St. Anthony's Central Hospital Denver, CO.
Attending Physician: Inpatient intensivist and Internal Medicine

HONORS AND AWARDS:

2007 **University of Minnesota Medical Center Clinical Excellence Award**
2007 **Top 10 Best Abstract for original research: American Society of Transplant Surgeons**
Winter Symposium
1995 **Doctor of Medicine Magna cum Laude: State University of New York at Buffalo**

1991 Bachelor of Arts cum Laude: Lafayette College

AMERICAN BOARD OF INTERNAL MEDICINE CERTIFICATION:

2003 Certified Critical Care Medicine
2002 Certified Pulmonary Medicine
1998 Certified Internal Medicine

MEMBERSHIPS:

2005 - Present Fellow - American College of Chest Physicians
2003 - Present Minnesota Medical Association
2002 - Present American Thoracic Society
2001 - Present International Society for Heart and Lung Transplantation

PEER REVIEWED PUBLICATIONS:**ORIGINAL RESEARCH**

Whitson BA, Prekker ME, Herrington CS, **Whelan TP**, Radosevich DM, Hertz MI, Dahlberg PS. Primary graft dysfunction and long-term pulmonary function after lung transplantation. *J Heart Lung Transplant.* 2007; 26(10):1004-1011. Role: Assisted with study concept and design, assisted with data analysis, contributed to initial manuscript and its subsequent revisions.

Kempainen RR, Savik K, **Whelan TP**, et al. High prevalence of proximal and distal gastroesophageal reflux disease in advanced COPD. *Chest.* 2007; 131:1666-1671. Role: Provided significant contributions to initial and subsequent manuscript revisions.

Whelan TPM, Dunitz JM, Kelly RF, Edwards LB, Herrington CS, Hertz MI, Dahlberg PS. Effect of preoperative pulmonary artery pressure on early survival after lung transplantation for idiopathic pulmonary fibrosis. *J Heart Lung Transplant.* 2005; 24(9):1269-74. Role: Developed study concept and design, conducted literature search, guided data analysis, authored initial and revised manuscripts. Guarantor of integrity of entire work.

Barr ML, Kawut SM, **Whelan TP**, Girgis R, Böttcher H, Sonett J, Wickii V, Follette DM, Corris PA. Report of the International Society for Heart and Lung Transplantation Working Group on Primary Lung Graft Dysfunction: IV. Recipient-related risk factors and markers. *J Heart Lung Transplant.* 2005; 24(10):1468-82. Role: Contributed to concept and design, conducted literature search, authored initial and subsequent revisions of the section related to pulmonary hypertension. Also contributed to the revisions of the entire document.

de Bruyn G, **Whelan TP**, Michael S. Mulligan MS, Ganesh Raghu G, Ajit P. Limaye Invasive pneumococcal infections in adult lung transplant recipients. *Am J Transplant.* 2004; 4(8):1366-71. Role: Contributed to study concept and design, abstracted data, conducted literature search, and contributed to manuscript revisions.

ELECTRONIC PUBLICATIONS

Mager C, Susanto D, Whelan T, Baltzell. Radiology of Lung Transplantation. Web based teaching resource - 2007. <https://umconnect.umn.edu/p93147273/> Collaboration with Dr. Jim Baltzell (Radiology) to provide web-based teaching for radiology residents and pulmonary fellows depicting typical radiologic presentations of common advanced lung disease and lung transplant recipient findings. Role: Helped develop concept and content. Provided major content revision to initial and subsequent versions of presentation.

REVIEWS (PEER REVIEWED)

Whelan, TPM. Lung transplantation: a therapy for interstitial lung disease? *Current Opinion in Organ Transplantation.* 11(5): 502-507, 2006. Role: Developed concept and design, conducted literature search, and authored initial document and revisions. Guarantor of integrity of entire work.

Whelan TPM, Hertz MI. Pulmonary allograft rejection in lung transplantation. *Clin Chest Med.* 2005; 26(4):599-612. Role: Developed concept and design, conducted literature search, authored initial manuscript and its subsequent revisions. Guarantor of integrity of entire work.

Alalawi R, **Whelan T**, Bajwa R, Hodges T. Lung transplantation and interstitial lung disease. *Curr Opin Pulm Med* 2005; 11:461-466. Role: Guided development of initial manuscript and provided a large contribution to its revision.

JOURNAL REVIEWS AND INVITED MANUSCRIPTS:

Whelan, TPM. Article Summary: Idiopathic interstitial pneumonia CT features. Concise review of findings published by Lynch, *et al.* <http://www.pilotforipf.org/rdecember06.php>
Original article in *Radiology* 2005;236:10-21. *Role: Developed design, conducted literature search, and authored manuscript and its revisions.*

Ahya V, Bhorade S, Chalermkulrat W, Faul J, Golden J, Hodges T, Torres F, , Valentine V Steele M, Van Burik J, **Whelan T.** Community respiratory viral infections in the lung transplant recipient. *The American Journal of Pulmonary Review.* 2003; 1(1).

Whelan TPM. Noninvasive ventilation for acute respiratory failure. *Fellow Reporter* 2002; 7(5).

Manuscripts in Preparation:

Whelan TPM, Ramchandani L, Kempainen R, Kim H. Improved 6MWD in patients with idiopathic pulmonary fibrosis after participation in pulmonary rehabilitation. *Role: Developed study concept and design, conducted literature search, assisted with data abstraction, guided and performed data analysis, authored initial and revised manuscripts. Guarantor of integrity of entire work.*

Whelan TPM, Ramchandani L, Abdelnour T, Tighe A, Cassivi S, Herrington C. Effect of a donor management strategy on lung procurement rates in a single OPO. *Role: Developed study concept and design, conducted literature search, assisted with data abstraction, guided and performed data analysis, partnered authorship of initial and revised manuscripts. Guarantor of integrity of entire work.*

ACCP Consensus statement on the toxicities/adverse effects of immunosuppressive agents in lung transplantation and diffuse parenchymal lung diseases. Planned publication unclear date; target journal *Chest*. *Role: Conducted literature search, authored initial and revised manuscript of sirolimus section, significant contribution to manuscript revision on cyclophosphamide section, contribution to revision of entire document.*

RESEARCH:

INVESTIGATOR INITIATED

2004 - 2005	Effect of Sirolimus on Renal and Pulmonary Function After Lung and Heart Lung Transplantation
2005 - 2007	Long-Term Pulmonary Function Following Lung Transplantation: The Effect of Primary Graft Dysfunction on Clinical Outcome
2006 - Present	Effect of pulmonary rehabilitation in patients with idiopathic pulmonary fibrosis at the University of Minnesota

Principal Investigator:

2008 - 2010	Centocor CNTO-888: A Phase 2, Multicenter, Multinational, Randomized, Double-blind, Placebo-controlled, Parallel-group, Dose-ranging study Evaluating the Efficacy and Safety of CNTO888 Administered Intravenously in Subjects with Idiopathic Pulmonary Fibrosis
2008 - 2010	InterMune Protocol PIPF – 012: Open Label Pirfenidone in Patients with Idiopathic Pulmonary Fibrosis
2009-2010	Actelion BUILD 3 Open Label Protocol: Open label continuation protocol in patients with Idiopathic Pulmonary Fibrosis who participated in the placebo control randomized BUILD 3 protocol
2006 - 2010	Actelion BUILD 3: Effects of bosentan on morbidity and mortality in patients with Idiopathic Pulmonary Fibrosis- a multicenter, double-blind, randomized, placebo-controlled, parallel group, event driven phase III study.
2006 - 2008	InterMune Protocol #PIPF—004: A Randomized, Double-Blind, Placebo-Controlled, Phase 3, Three-Arm Study of the Safety and Efficacy of Pirfenidone in Patients with Idiopathic Pulmonary Fibrosis
2006 - 2008	Genzyme Phase I study of the safety of GC-1008 in patients with idiopathic pulmonary fibrosis: An open label investigation of a humanized antibody to TGF-beta.
2004 - 2007	InterMune Protocol #GIPF—007: A randomized, double-blind, placebo-controlled multinational, Phase 3 study of the safety and efficacy of 200mg subcutaneous Interferon gamma—1b in patients with Idiopathic Pulmonary Fibrosis

Co-investigator:

- 2005 - 2007 A Phase III, Randomized, Double-Blind Comparison of Oral Valganciclovir and Placebo for Prevention of CMV Infection After Lung Transplantation.
- 2006 - Present In collaboration with Cynthia Herrington, MD (Thoracic Surgery)
Donor Management: Donor factors impacting on lung transplant recipient outcome Donor Management: Factors impacting on successful lung procurement Current investigation into factors predisposing patients to development of primary graft dysfunction post transplant.

COMMITTEES AND INVITED PROJECT ACTIVITIES:

NATIONAL

- 2009 - Present Alpha one Antitrypsin Foundation: Alpha-1 Transplant Issues Working Group
- 2008 - Present Interstitial and Diffuse Lung Disease Network Steering Committee
- 2008 - Present American Thoracic Society: Development Committee for "Management of the Lung Transplant Recipient: A Comprehensive Evidence-Based Guideline"
- 2008 - Present American College of Chest Physicians: Management of the Organ Donor Task Force.
- 2006 - Present: American College of Chest Physicians: Development of a "Guide to use of immunosuppressive agents"
- 2006-2007 Faculty Member Disease Management Workshop for Pulmonary Fibrosis Identification: Lessons for Optimizing Treatment (PILOT) – National CME program supported through The France Foundation.
- 2007 - 2208 United Network for Organ Sharing: Lung Allocation Score Review Committee - Alternate member for University of Minnesota

REGIONAL

- 2008 - 2010 Lifesource Critical Care Committee: Education initiative targeting community physicians in the management of the potential organ donor.
- 2006-2010 Lung Summit: A collaborative committee with the goal of increasing donor lung procurement. Members: Lifesource, Mayo Clinic, and the University of Minnesota

TEACHING:

Medical Students

1. Instructor in Human Biology 541: The Respiratory System, University of Washington School of Medicine: Fall 2001. Co-led with a division faculty member 10 case-based conferences for 20 2nd year medical students.
2. Pulmonary student seminars, University of Washington: Pulmonary Embolism, Introduction to PFTs, Introduction to Lung Transplantation. 2003.
3. Student seminars University of Minnesota: Lung transplant, ILD 2003 - 2010.
4. U of M 2nd year Medical School physiology (INMD 6201): Small group sessions in pulmonary physiology 2003 - 2010.

Residents and Pulmonary Fellows

1. Lung Transplantation: Outcomes and Current Interventions to Improve Them. University of Washington Chest Conference: February 2002.
2. University of Washington Internship Orientation: Central Line Placement. June 2002.
3. University of Washington Pulmonary Fellows Orientation: Lung Transplantation. 2002-3
4. Coordinator of quarterly Clinical, Radiologic, and Pathologic Chest Conference: Collaborative case conference with Dr. Jim Baltzell (Radiology), Dr. Jose Jessurun (Pathology). 2005 – 2007.
5. Interstitial Lung Disease Clinic – subspecialty rotation for senior pulmonary fellows. 2006 - Present
6. Coordinator of Thoracic radiology conference for diffuse parenchymal lung diseases. A collaborative program with Dr. Tadashi Allen (Assistant Professor of Radiology) where interstitial lung disease program pulmonologists and fellows review the week's chest imaging studies and discuss patient related issues. 2008 - 2010

Allied Health Professionals

1. University of Washington P-Bio 508 (Medical Physiology): Guest lecturer for Biomedical Engineers: Introduction to PFTs, Cardiopulmonary Exercise Tests and Bronchoscopy. March 2002 and 2003.
2. Donor Management Strategies: Education sessions for Lifesource (OPO) coordinators on varied critical care topics. 2003 – Present.
3. Lecture: Systemic Inflammatory Response Syndrome and Multiple Organ Dysfunction Syndrome. ICU Nursing Update, St. Anthony's Central Hospital: December 1998.
4. Lecture: Diabetic Ketoacidosis: ICU Management. ICU Nursing Update, St. Anthony's Central Hospital: December 1999.
5. Lecture "Lung Transplantation: Early Post-Operative Complications and Long Term Outcomes. University of Washington ICU nursing staff": January 2001.
6. Lecture "Donor Lung Evaluation and Management." Life Center Northwest February 2003.
7. Lecture "Acute Respiratory Distress Syndrome." Western Washington Critical Care Nursing Conference May 2003.

Post Graduate Continuing Medical Education

1. Lecture "ILD Effects On Surface Tension and Tissue Forces." Advanced Pulmonary Mechanics (PHSL 5520): May 16th, 2006.
2. Lecture "Dyspnea, Is it IPF?" Internal Medicine Review and Update. Penn State University September 2005.
3. Lecture "Update on Interstitial Lung Diseases." Medical Grand Rounds North Memorial Medical Center. June 13th, 2006.
4. Lecture "Dyspnea: Is it IPF?" Department of Medicine Grand Rounds: University of Minnesota. January 22, 2004.
5. Lecture "Dyspnea." Internal Medicine Review and Update. Sponsored by University of Minnesota Department of Medicine. October 2004.
6. Lecture "Ventilator Management." Internal Medicine Review and Update. Sponsored by University of Minnesota Department of Medicine. October 2004.
7. Lecture "Diagnosis and Recognition of IPF" Smiley's Clinic Grand Rounds. November 2004.
8. Lecture "Clinical presentation of IPF and ILD" Radiology Grand Rounds, University of Minnesota February 2005.
9. Lecture "Idiopathic Pulmonary Fibrosis" Pathology Grand Rounds, University of Minnesota March 30, 2005.
10. Lecture "Diffuse Parenchymal Lung Diseases – Are We Making Progress?" Hennepin County Medical Center Internal Medicine Grand Rounds: October 2006
11. Lecture "What is Interstitial Lung Disease and Why Does it Make People So Short of Breath?" Palliative Care Ground Rounds at U of M December 12, 2006.
12. Lecture "IPF: Are We Making Progress?" University of Minnesota Department of Medicine Research Conference. Feb 18, 2008.
13. Lecture "Effective Management of the Potential Lung Donor" Medical University of South Carolina. February 2009
14. Lecture "Effective Management of the Potential Lung Donor" University of Southern California. April 2009
15. Lecture "Collaboration Above and Below the Diaphragm" Region 7 Collaborative Learning Session; Chicago, IL. April 30, 2009
16. Lecture "Can Old Lungs Still Go the Distance?" Region 7 Collaborative Learning Session; Chicago, IL. April 30, 2009

Patients and Families

1. Program coordinator for University of Minnesota Interstitial Lung Disease Patient Education day 2005, 2006, and 2007
2. Lecture "Update On Therapy: ILD." Pulmonary Fibrosis and ILD Education Day University of Minnesota. April 30, 2005.
3. Lecture "Current Research and Clinical Trials for Pulmonary Fibrosis." Pulmonary Fibrosis and ILD Education Day University of Minnesota. June 3rd, 2006.

4. Lectures “When is the Right Time for Lung Transplantation in Interstitial Lung Diseases?” and “Treatment Options for Idiopathic Pulmonary Fibrosis” University of Minnesota Pulmonary Fibrosis and Scleroderma Education Day October 2007.

PRESENTATIONS AT ACADEMIC MEETINGS

1. Lung Transplantation: Review of Outcomes and Indications for Referral. Washington Thoracic Society Meeting: Leavenworth, WA: January 2001.
2. Clinical Cases in Lung Transplantation: American Society of Transplantation Winter Conference. Banff CA March 2005.
3. Death With a Functioning Graft: Lung Transplantation. American Society of Transplantation Winter Conference. Banff CA March 2005.
4. Idiopathic Pulmonary Fibrosis: Current Therapies: American Thoracic Society Sunrise Seminar May 2007
5. Medical Critical Care Concerns of the Thoracic Transplant Patient: American College of Chest Physicians Annual Meeting October 2007
6. Establishing Joint Accountability in Program Management. UNOS Region 7 Collaborative Forum and Business Meeting. November 2007
7. Non-pharmacologic Treatment of Idiopathic Pulmonary Fibrosis: Exercise, Oxygen, and Pulmonary Rehabilitation. American Thoracic Society Annual Meeting May 2008
8. Immunosuppression Guidelines: American College of Chest Physicians Annual Meeting November 2009
9. Do you see what I see? Using chest radiographs and CT imaging to guide lung donor management. NATCO Winter Symposium January 2010.
